Suquamish Housing Program**

**COVID-19 Housing Relief Application**

The Suquamish Tribal Council is aware of the financial hardship and uncertainty our membership is facing during this COVID-19 pandemic. We have met to discuss ways in which we can help alleviate the financial stress our membership is currently facing. One way to relieve some financial stress is to assist our tribal tenants who are unsure how they will make their upcoming housing payments.

---

The COVID-19 Housing Relief Application is designed for tenants who reside in Suquamish Tribal Housings, Elder Housings, NAHASDA Housings, Suquamish Steps Program, and Mutual Help Homeownership programs affected by COVID-19 "Stay at Home" order. Residents may be eligible for payment deferment for their housing payment from May 2020 to December 2020 due to financial hardship.

- Deferment of housing payment is not payment forgiveness. A repayment plan will be created at a later date.
